

Oreo Rice Krispie Squares

- 6 cups Rice Krispie cereal
- 20 regular oreos chopped
- 5 cups mini marshmallows
- 3 tbsp. butter
- white chocolate for drizzle (optional)

Spray a 9x13 dish with cooking spray.

In a large bowl, pour measured Rice Krispie Cereal.

Chop and mash Oreos (Use a ziplock bag to control the mess). You want the Oreos to be a variety of sizes from chunky to finely crushed.

Combine Oreos to Rice Krispie cereal.

In a medium sauce pan, heat butter and marshmallows together over medium heat, stirring constantly, until they melt together.

Pour melted marshmallows over cereal and oreos and use a spatula sprayed with non-stick cooking spray to quickly combine all the ingredients.

Spread into 9×13" dish.

Let sit until completely cooled.

*Optional: When cooled, you can drizzle with melted white chocolate.
